Resolution*

Support of Reviewing Law Enforcement Salaries

Submitted by President William J. Grogan, the Executive Board, Executive Director Frank Vincent Rotondo, and the State-Wide Membership of the Association.

WHEREAS, the need for professionalism and high quality performance in law enforcement are critical components to the success of the vocation, especially in the competitive employment market today; and

WHEREAS, the struggle to recruit and retain high quality law enforcement personnel continues to be a central law enforcement concern statewide; and

WHEREAS, the issue of substandard salaries and associated benefits are a significant hindrance to effective recruitment and retention of high quality law enforcement personnel; and

WHEREAS, it is statistically appropriate to say that personnel costs to cities, counties & other governing authorities are at an all-time high due in part to the high turnover of law enforcement personnel.

RESOLVED, the Georgia Association of Chiefs of Police, President William J. Grogan, the Executive Board, Executive Director Frank Vincent Rotondo, and the Statewide Membership of the Association wish to make a recommendation to all governing authorities that they, in an effort to significantly improve the recruitment and retention of personnel, continuously reevaluate the salary scales and other subsidies of their law enforcement employees to ensure that they are competitive with the salaries of state and local competing law enforcement agencies.
